

MAHMOUD

00:17 / MAIN FILM

HASSAN

Creative & Animation Director

Director & Motion Designer

PROFILE

For more than 17 years, I have been making ideas move. Sometimes that means directing an entire visual world; sometimes it begins with a sketch, a storyboard or one carefully timed transition. I work across creative direction, animation, art direction, illustration and motion design - following each story from the first rough frame to the final cut.
